

SunMaster

Tan/Khaki

Black

Material Description: SunMaster is a 7.5 oz. Solution Dyed Polyester that is the perfect material for a variety of outdoor applications, most notably marine and outdoor living applications. All SunMaster fabrics are specially formulated to withstand the harshest elements mother nature can throw at it. With its excellent color fastness along with its mold and mildew resistance, this is an excellent choice for any job that requires a rugged but rich-looking fabric. While elegant, SunMaster is abrasion resistant, easy to clean, and environmentally friendly. Comes with a 5-year limited warranty.
